- Expert knowledge of MS Word, MS Excel, MS PowerPoint, MS Outlook, WordPress, Vue.js, Figma, Adobe XD, Premiere Pro
- Experienced in leadership and strong communication skills
- Skilled in critical thinking, problem-solving, and multitasking
- Excellent typing skills, both computer and typewriter, demonstrated by high school coursework and also by winning a school competition in speed typing
- Experienced with interpersonal skills as demonstrated through daily communication with part-time colleagues as well as non-technical professionals

👤 PROFESSIONAL EXPERIENCE

05/2023

Slovenská sporiteľňa, Bank

During my apprenticeship at the bank, I gained a comprehensive understanding of the banking industry, including key areas such as investments, loans, and inheritance planning. This experience not only enhanced my financial literacy but also provided valuable insights into personal wealth management, which I apply in both professional and personal contexts. Additionally, I developed a strong grasp of customer service, problem-solving, and the regulatory framework governing financial transactions.

08/2021

McDonald's, Gastro

During my two-year career, I have gained valuable experience in customer service and teamwork. I improved my communication skills and was promoted to crew trainer where I mentored new employees and supported their onboarding process.
